Outreach Activities Report (2018-19 to 2022-23)

The Outreach activities organised by Tilak College of Education, Pune during 2018 - 2029 to 2022-2023 are as follows:

1. Artificial Intelligence and Education - Prepare teacher for future generation
2. Workshop for senior Citizens
3. Social Service
4. Swachh Bharat Abhiyan
5. Remote proctoring Programme for Alumni
6. Environmental Awareness Programme
7. Community outreach Programme
8. Volunteer Programme
9. Science Exhibition
10. Environmental Protection Initiative in Swachh Bharat Abhiyan

1. Artificial Intelligence and Education: Preparing Teachers for the Future Generation

Tilak College of Education hosted workshops and seminars aimed at integrating Artificial Intelligence (AI) into the education sector. The programs focused on equipping teachers with the skills necessary to incorporate AI-driven tools and methodologies in classrooms, preparing them to handle future educational challenges.

- **Workshops:** Hands-on sessions were conducted to familiarize teachers with AI tools like chatbots and intelligent tutoring systems.
- **Lectures:** Experts in AI from academia and industry were invited to share insights on the future of education.

More than 100 teachers were trained across various sessions, improving their confidence and competence in utilizing AI in education.

2. Workshop for Senior Citizens

This initiative aimed to bridge the digital divide for senior citizens; offering them basic Health and Wellness awareness and social interactions. The workshops were designed to empower the elderly with skills to connect with society through digital means.

- **Health and Wellness Workshops:** Incorporating technology to monitor health and access telemedicine services.
- **Social Interaction Programs:** Encouraging senior citizens to engage with peers using digital platforms.

Approximately 50 senior citizens gained confidence in using digital tools, enhancing their independence and quality of life.

3. Social Service

Years Conducted: Annually

Tilak College of Education consistently engaged in social service initiatives, involving students and faculty in activities that address community needs.

These activities fostered a spirit of service among students, benefiting thousands in the local community.

4. Swachh Bharat Abhiyan

Annual activity

the college actively participated in the Swachh Bharat Abhiyan, promoting cleanliness and hygiene in the community.

- **Cleanliness Drives:** Organized in nearby areas, including slums and public spaces.
- **Awareness Campaigns:** Conducted to educate the public about the importance of cleanliness and hygiene.
- **Workshops:** Focused on waste management and recycling.

The program successfully engaged students and community members, contributing to cleaner surroundings and increased awareness.

5. Remote Proctoring Programme for Alumni

In response to the growing need for online education and examinations during the pandemic, the college introduced a remote proctoring program for alumni.

- **Training Sessions:** Conducted for alumni to become proficient in remote proctoring technology.

More than 70 alumni were trained in remote proctoring, enabling them to contribute to online education initiatives during the pandemic.

6. Environmental Awareness Programme

The college undertook various initiatives to raise awareness about environmental conservation among students and the community.

- **Workshops on Sustainability:** Covering topics like energy conservation, water management, and waste reduction.
- **Tree Plantation Drives:** Organized in College campus.
- **Seminars:** Focused on the impact of climate change and the importance of sustainable living.

These initiatives fostered a greater sense of environmental responsibility among participants, leading to measurable actions in their personal and professional lives.

7. Community Outreach Programme

This program aimed to build strong ties between the college and the local community through various support and educational initiatives.

- **Health and Hygiene Workshops:** Focused on basic health practices and preventive care.
- **Skill Development:** Vocational training programs for women and youth.

The community outreach programs significantly contributed to the betterment of local society, particularly in education and health.

8. Volunteer Programme

The college encouraged student participation in volunteer programs, providing them with opportunities to contribute to various social causes.

- **Community Services:** Involving work with NGOs and local government projects.
- **Educational Initiatives:** Supporting educational programs in rural and underserved areas.
- **Environmental Conservation:** Participation in local and national environmental initiatives.

Students gained valuable experience and a sense of responsibility through these volunteer opportunities, which also benefitted the broader community.

9. Science Exhibition

The college hosted annual science exhibitions to foster a love for science and innovation among students and the local community.

- **Exhibits:** Showcased student projects on various scientific topics.
- **Workshops:** Hands-on activities for students and visitors.
- **Lectures:** Talks by scientists and educators on recent developments in science.

The exhibitions drew large crowds and increased interest in science education among students.

10. Environmental Protection Initiative in Swachh Bharat Abhiyan

This initiative combined the goals of the Swachh Bharat Abhiyan with a focus on environmental protection, emphasizing waste management and sustainability.

- **Plastic-Free Campaigns:** Promoted the reduction of plastic use in the community.
- **Waste Segregation Workshops:** Educated participants on proper waste segregation and recycling.
- **Green Campus Initiatives:** Efforts to make the college campus more sustainable through energy conservation and waste reduction.

The initiative led to a cleaner environment and increased awareness of sustainable practices among participants.

Thus, from 2018-19 to 2022-23, Tilak College of Education has made significant contributions to society through a wide range of outreach activities. These programs have not only benefitted the immediate community but also instilled a sense of social responsibility and environmental stewardship among students and faculty. The college's commitment to these initiatives reflects its dedication to holistic education and community engagement.

National-level teacher workshop held in WGCE in collaboration with CTEF

GUWAHATI, MAR 29: Pandu-based West Guwahati College of Education had organized a three-day-long national-level workshop on the theme, "Teacher Preparation for Next Generation Learners in School Education", in collaboration with the Council for Teacher Education Foundation, India.

Prof. Madhuri Isave from Tilak College of Education Maharashtra and Prof. N.Pradhan, NERIE, Meghalaya participated as resource persons in the workshop. Prof. Nilima Bhagati Chairperson, ERC, NCTE and International Secretary of CTEF delivered the keynote address in the workshop.

Prof. Pradeep Kr. Jain of GU, who lit the inaugural lamp of the workshop, opined that the necessity of such workshop through which the teacher-educators and student-teachers can prepare themselves for the future.

The workshop started with a welcome speech by the Principal of the college Dr. Gitanjali Choudhury. Prof. Isave showed the students how to use latest ICT such as Chat GPT, Dall.E2, Padlet and Mentimeter.com in Teaching Learning Process. She also focused on the application of pedagogy with regard to NEP 2020. The session was totally based on hands-on activities.

On the last day of the workshop, Prof. Nityananda Pradhan shared his speech on Experimental learning and Vocational Education as recommended by NEP 2020. The informative and knowledgeable sessions of the workshop was successfully ended with 100 participations of various teacher-educators of different B.Ed colleges, Kamrup (M) and student trainees of the college. Dr. Chandras Sonpethkar: Delivered a speech about Significance of Spirituality

S. P. Mandali's

Tilak College of Education, Pune 411 030.

Objectives for Working with Community

The main objectives for working with community are to develop various skills like interpersonal skills, Time management, collaboration, empathy and communication. Also the main objective of community development is working to make the people aware from various problems in a community. It helps them to provide knowledge and to know about the main causes that affects their social life. Service also creates the sense of Community purpose and value in life and helps people see that their efforts have an impact on others Enhancing community engagement Factor. active participation and involvement of community members in decision making processes, initiatives and activities that directly affect their lives. When we work in a level among each other group the understanding will upgrade. It will improve the understanding level of the individual and performing shifts.

Sensitization for Social Work

Social Sensitization : is the process of making the minds of today immune to effects of evils like caste, racism, gender discrimination and to some point, religion. Increasing understanding Sensitization of Social issues refers to the process of raising awareness, and empathy among individuals, and communities regarding various social problems or challenges that exist within society..

Sensitization also aims to create space for dialogue discussion and open-mindedness where individuals can share their perspective challenge existing beliefs and engage in constructive conversations about social issues It encourages active citizenship by motivating people to take action, whether through volunteering, advocacy community engagement to the impact of Social issues.

Social Issues :-

There are many Social issues we can see in our society like sexual discrimination, child abuse, class, Racism, Bullying, Drug abuse. Teenage pregnancies, Animal rights, day and lesbians rights, etc.

Active Participation of Student Teacher

We all student teacher participated in a very meaningful manner. By Following instructions of Dr. Vijay Dhamane sit me and my social Service group, we all came together and cleaned area in Front of the method lab in campus of Tilak College of Education_We also went to Parvati Hills

and collected waste and plastics from there. For that college provided us mask, gloves, dustbins, garbage paper, etc. we put on our masks, gloves and carried dustbins. Marked the location to which we were assigned. Cleaned the assigned area. Wrapped the garbage in double garbage bag and binded it with rubber band.

Team Work

Teamwork is an essential component of social service work. Teamwork in social service work is guided by shared goals and a common vision. Team members work together. The work together for social service professionals can combine their knowledge, Skills and resources to address complex Social issues effectively.

Communication and mutual support within a team enhance the quality and impact of services provide to individuals, Families and communities in need.

Leadership Qualities

Vision and Mission Alignment:-

A Strong leader in social service work has a clear vision and a deep understanding of the organization mission and goals

collaboration and collective utility : Social service work often involves collaborating and collective efforts By working together with others, pooling resources and leveraging collective expertise, social services and Initiatives can achieve greater impact generate utility on a broader scale.

Time Management:

Time management is crucial in social service work to ensure efficiency, productivity and effective location of resources.

Create a schedule –

Develop a Structure or to do list to plan our daily, monthly and weekly activities Locate a Specific time slots for different talk meeting and administration duties A Schedule helps us organic and manage time effectively to stay

Avoid procrastination

Procrastination hider productivity leads to an unnecessary stress. Try to tackle challenging and less desirable task First break them down into Smaller manageable step and use techniques like Searing deadlines, creating creating incentives to stay motivated

Overall Experience

Overall experience Of social service was excellent from this activity, we got to know about importance of social service. Social services provide the necessary knowledge to help emotionally and physically. They can provide these Families and individuals with the basic knowledge, help, or tools to be able to get further in life. It gives motivation to the students:- There are Some students in the society who feel that they cannot do any not fit for any work. They feel that they are work. So social service can motivate such students. Social services and social work have important tool in helping the people to improve the quality Of life by creating awareness and sustain the community by creating employment opportunities on their own effort.

Swachha Bharat

To accelerate the efforts to achieve universal sanitation coverage and to put the focus on sanitation, the Prime Minister of India had launched the Swachha Bharat Mission on 2nd October 2014. Students of Tilak College of Education, Pune have contributed in swachha bharat abhiyaan through an cleanliness drive. To make the student teachers aware about various Social issues, social service department organized cleanliness drive for the students on 5th June 2023. All the students actively participated in it. There were 6 groups in all. Tilak college premises was distributed among these groups with the cleaning equipments like broom s and garbage bag. For personal health and hygiene students were supplied with gloves, mask and sanitizer. All groups participated enthusiastically in this drive and make the campus clean.

Tilak College of Education, Pune
2021-22
A report on Outreach Activity

Activity 1: Environmental Awareness

Tilak College of Education had organised a community outreach program during 18.06.2022 to 25 June 2022. The objectives of this program were :-

The objectives of this Activity 1 are:-

- i) To aware the people about maintaining the balance in environment everyday through careful steps.
- ii) To encourage people on daily watering and planting of saplings to restore the greenery in the area.

For the same a total of 15 student teachers volunteered. The first part of this programme focused on spreading the awareness regarding the environment especially as to why planting of trees are more than necessary now. The student teachers went to 'Maruti Hill' behind Ferguson College and met with the 'NGO Wing' already working there and discussed their programme. The NGO co-operated with the student teachers and for next seven days they along with the community members planted saplings and watered them. Removed the plastics from their area and promoted the idea of using recycled bags or reusable shopping bags made of cloth to stop water clogging.

Activity 2 : Community Outreach Program

The main focus of this program was to reach the '**unreached**' part of a community

The objectives of this activity were:-

- To motivate students about school going.
- To encourage students and parents continue education
- To find some workable solutions for the classroom resources
- To directly deliver classroom like environment within home.

Another activity as a part of this program focused on conducting important classes to the kids of families who had been missing schools due to their parents work. As the

parents of these kids are engaged in laborious day jobs that makes it impossible for them to daily take their kids to school.

For them the student teachers gave classes for eight days primarily focusing on science and language subjects.

The student teachers also discussed with the parents about the importance of the children's education at this stage.

Social Service

Introduction

According to the required syllabus of saritibai phule, pune university BED 103 B under included practical social service for year 2021-22. In the recent years all over India there has been a drastic change in B.Ed course.

Any teacher education course seeks to train teacher having requisite teaching skills.

Social service course was very much helpful in self development.

Objectives: The main objective of this subject is to make the students use their learning skills, for the society while they are studying. At the same, BED students are the future students. So it also intended to increase the interaction of students with different social groups.

Therefore even the college students will contribute to the progress of the nation. Students will contribute to the progress of the nation and can do various activities under this subject.

So that some society can get awareness and relief from the activity. Students create aware on a various social issues and impart knowledge to people about that social issue.

Also cleanliness, campaign, tree planting campaign. They convey the message of cleanliness and the saving trees to the people. So that social service is very necessary and a inspiring & beneficial to all.

Planning of activity.

BED Social service subject incharge Professor Dr. Dhamane sir guide us about activity. He gave us idea, some topic to work on it. One of the best is teaching. We are BED students. For BED students best quality to teach student. Me and my classmates organised schedule under guidance our professor. Our group organised an event on tree plantation, also.

All group member of students went to gave water to the trees on the "Maruti hill" behind Fergusson college, on dated 18 June 2022. Our Social Service group students took up this activity of planting trees. In pune city, day to day pollution increasing. By tree plantation, providing water to the trees, we can develop a climax ecosystem free of greenhouse gases to reduce global warming. The program started 18 June with prayer at 7 in the morning. All the teacher-students participated in this program. Students First gathered in Fergusson then we all went on "Maruti hill".

Many NGOs have planted trees on Maruti hill. After reaching on hill we met NGO. The NGO name = **NGO wing**. This NGO team also came to plantation of tree & doing some other work. Our group leader Shubham Gaikwad selected this activity & gave necessary instructions to all the students. We all decided that the help this NGO team.

Our group leader communicate with NGO team member. They allow us to help them. Everyone tried to do honestly work. We all providing water the 100 of trees on maruti hill. It would not be possible to do one single person individually. But with the participation of students it became easy. There was no rain in the month of June but trees were need to supply of water.

All of us students made a chain. There was a water tank. With the help of bucket we watered all the trees on that hill by making a chain that watered from this water reservoir to those that were on one side of the hill. After that all the water bottles, and plastic bags that were around were collected and kept in a big bag. I E Felt great to work.

Section

I did one another activity that is teaching. N

Near my home there are so many buildings and society. In that society some females come to do housework. we called is as Maid. They have small children. Sometimes they bring their children along with them. These small children helps their mother in doing household work. They do not attend their school regularly. Then, I decided to teach them. I decided to teach them at least 1 hour in a day.

At first, I went and talked to their mother. I spoke to them importance of study and regular schooling. Also assured the safety of their children at my home. I called those children at my home & did some arrangement for them to sit.

Also I provide them study material like pens, notebook etc. Some child ~~child~~ had so small. I took their basic maths, English, and marathi subject. study.

I Also ensure that they are comfortable and feel safe at my house.

In vacation I went to my aunt's home. For a few days, where I met some school students and found out in chat that they had some difficulty to solve maths questions. They did not understand in school and scared about to ask teacher. The students not in situation to join extra classes. After I heard all discussion I decided that to help them in study.

First I met them and discussed all, and I asked them to tell me your query or difficulty. Whether I will help you in your studies. All of them (student) agreed to learn from me. I started teaching them daily 1 hour. They found their difficulties. Within few days they were able to solve their maths difficult question and feel more confident.

Activity No. 10: Environmental protection initiative in Swachh Bharat

N.V.K.S.D COLLEGE OF EDUCATION

(Autonomous)

Affiliated to Tamil Nadu Teachers Education University, Chennai.

(Reaccredited by NAAC with A Grade)

Attour, Kanyakumari District- 629177

A Report on the workshop on

Environmental Protection Initiative in Swachh Bharat (Organised by IQAC)

06-10-2018

A workshop on Environment Protection Initiative in Swachh Bharat was conducted on 06th October 2018 in the Auditorium at 9.30 am. The resource persons were **Dr. Madhuri Suresh Isave**, Associate Professor, Tilak College of Education, Pune. Ms. Taraivini.N.Raivla, Fiji Lecturer, School of Education, College of Humanities and Education, Fiji National University, Fiji. Dr.V.M. Sasikumar, National Coordinator, CCEAM India and Dr. V. Reghu, Former Controller of Education, Rajeev Gandhi National Institute of Youth Development, Government of Tamilnadu were the guests of honour. Dr. S. Devika, the IQAC Coordinator welcomed the gathering. Dr.B.C.Sobha, Principal, N.V.K.S.D. College of Education presided over the talk. The talk was highly resourceful and interactive that our students benefitted a lot. The resource persons were successful in conveying the theme of the topic to the audience and succeeded in making the students aware of the need to protect our environment. The talk moved through the interactive section where the resource persons divided the students into ten groups. They were asked to write innovative slogans on e-waste management and create art forms from e wastes. Later the groups were asked to present their creativity on to the whole group and asked to explain on their work. They encouraged and appreciated the students on their works. Ms. Jerry Shermia, B.Ed. 1 year student delivered the vote of thanks. Hence the talk provided an opportunity for the students to think over the harmful effects of polluting environment and the need to sustain ecological balance. The whole talk has been coordinated by the IQAC members Dr. P.Sheela and Dr. S. Praveen Kumar.

Workshop on e-waste management

In connection with the 150th birth anniversary of Mahatma Gandhi and activities related to Swatch Bharath, KUCTE Kariavattom has arranged a half day workshop on e-waste management. The programme was arranged on 6-10-2018 at the college auditorium. The aim of the programme was to create awareness on environmental cleanliness with special reference to e- waste management.

S. Prasad

PRINCIPAL
Tilak College of Education
Pune-411030.

Dr. Madhubala Jayachandran, Principal, KUCTE Kariavattom welcomed the Guests of honour Dr. V.M.Sasikumar, National Coordinator, CCEAM India; Mrs Taraivani Nalligamasei Raiula ,Faculty, College of Humanities & Education, Fiji National University, Fiji .

Dr. Madhuri S Isave ,Associate Professor, Tilak College of Education, Pune, Maharashtra.was key person who implement her innovative idea.

The workshop began with the introduction given by the Resource Person Dr Madhuri S Isave (Asso. Professor, Tilak College of Education, Pune) on present status of environmental education and the need of environment education in the present scenario. The presenter asked the students to mention about the main electronic items that are damaged and disposed now a day in households. She asked how they dispose such electronic items after getting it damaged. The presenter showed some slides related to Historical data of e-waste in India, Components of e-waste and Benefits of reuse and e-waste management.

It was an interactive session and the students were asked to form groups of 5-6. There was a demonstration session for making different types of products. Based on the directions given by the resource Person, the students of various prepared attractive products. The session paved the way to the Gandhian principle of Head, Heart and Hand co ordination. The students enjoyed the session and it was an effective programme.

Finally the session was concluded with the message that "Our Moto should be Reduce-Reuse-Recycle".

The principal, staff members and students thanked the Resource person and the Guests of honor for their valuable presence and motivation.

International Yog Day आंतरराष्ट्रीय योग दिन'

संस्कृतमधील सर्वात लोकप्रिय कवी भर्तृहरि यांनी योगाचे वैशिष्ट्य सांगताना म्हटले, धैर्यं यस्य पिता क्षमा च जननी शान्तिश्चिरं गेहिनी सत्यं सनुरयं दया च भगिनी भ्राता मनः संयमः। शय्या भूमितलं दिशोऽपि वसनं ज्ञानामृतं भोजनं एते यस्य कुटिम्बिनः वद सखे कस्माद् भयं योगिनः॥

Digital learning Week

Tilak College of Education has celebrating Digital Learning Week From 4th September 2023 to 7th September 2023 on the observation of International Literacy day 2023.

Posters

ANONYMOUS 9/27/23 12:26PM

Presented By: Chavan Dilip Shankar Roll:244

A daughter, a star in the night's embrace,
With her smile, she brightens any place.
In her love, there's an endless grace,
A daughter's bond, time can't erase.
Forever cherished, in our hearts, she takes her space.

DIGITAL LITERACY DAY

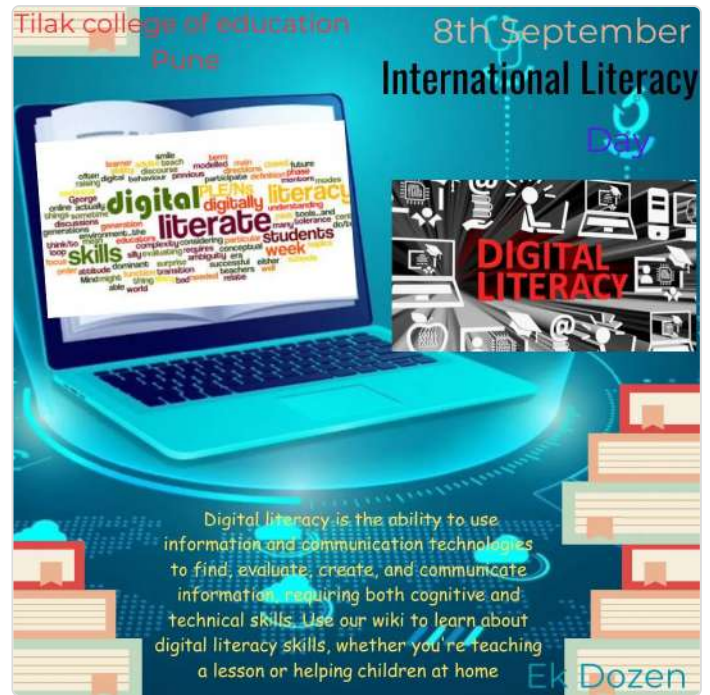

Digital literacy is an individual's ability to find, evaluate, and communicate information by utilizing typing or digital media platforms. It is a combination of both technical and cognitive abilities in using information and communication technologies to create, evaluate, and share information.

Examples of Digital Literacy skills

- Using your phone to check emails.
- Using an online search engine to find the answer to a question.
- Using online search to complete a research project.
- Creating an online profile on a social media platform.
