2.3.4 ICT support is used by students in various learning situations

ICT support is used by students from Tilak College of Education, Pune in various learning situations, including understanding theory courses.

- The college offers B.Ed. course in various languages such as Marathi, Hindi, English, Sanskrit. The students can choose their medium of instruction and method of teaching according to their preference and aptitude. The college also provides learning resources in different languages for the students to enhance their learning outcomes and skills.
- The college provides various learning resources for the students to enhance their learning outcomes and skills. The learning resources include e-content, e-books, e-journals, e-assignments, e-quizzes, etc. The learning resources are available on the college website or through other online platforms. The learning resources help the students to learn in different modes and formats.
- The college conducts a student satisfaction survey (SSS) on overall institutional performance every year. The survey focuses on the feedback of the students on various parameters such as teachers' abilities, skills and attributes, usage of innovative teaching methodologies, learning environment, support services, internal evaluation, etc. The survey results are presented in graphical format and shared with the students for their feedback.

Tilak College of Education recognizes the pivotal role of Information and Communication Technology (ICT) in enriching the learning experience. Students at the college leverage ICT support in diverse learning situations, from understanding theory courses to practice teaching, internships, and out-of-classroom activities. This report provides an overview of how ICT is integrated into each of these learning contexts.

Understanding Theory Courses

ICT is seamlessly integrated into theory courses, providing students with resources and tools for a more engaging and comprehensive learning experience:

1. E-Learning Platforms: Access to digital textbooks, online lectures, and interactive modules ensures that students have the latest and most dynamic resources at their disposal.
2. Learning Management System (LMS): The LMS centralizes course materials, assignments, and communication with instructors, facilitating organized and efficient learning.
3. Educational Apps: Students are encouraged to use educational apps that cater to different subjects, promoting self-paced learning and skill development.

Practice Teaching:

When it comes to practice teaching, ICT takes the learning experience to the next level:

1. Virtual Classrooms: Students engage in teaching simulations through virtual classrooms, providing a safe and controlled environment for honing their teaching skills.
2. Video Analysis: Recording and analysing practice teaching sessions using video technology helps students receive constructive feedback and refine their teaching techniques.

E-mail: tilakcollege1941@gmail.com

Internship

ICT support during internships proves to be invaluable:

1. Digital Documentation: Interns use digital tools for efficient documentation and reporting, streamlining the internship process.
2. Remote Collaboration: Collaboration with mentors and peers is enhanced through video conferencing, ensuring continuous support and guidance.

Out-of-Classroom Activities

Beyond traditional learning, students benefit from ICT in extracurricular and co-curricular activities:

1. Online Workshops: Students participate in webinars and online workshops, expanding their horizons and gaining additional skills.
2. Virtual Field Visits: When in-person field visits are not possible, virtual tours and interactive resources are employed to replicate the experience.

Benefits

1. Accessibility: ICT ensures that learning resources are accessible from anywhere, promoting inclusivity and flexibility.
2. Engagement: Interactive elements and multimedia content captivate students, making learning more engaging and effective.
3. Skill Development: Exposure to ICT equips students with essential digital literacy skills, vital in the modern job market.

Conclusion

Tilak College of Education has embraced ICT support to cater to the diverse learning situations students encounter in their academic journey. The integration of ICT into understanding theory courses, practice teaching, internships, and out-of-classroom activities has ushered in a more dynamic and technology-rich educational environment. This not only enhances learning but also ensures that students are well-prepared for the challenges and opportunities of the digital age.

Report on Novel Idea 2022-23

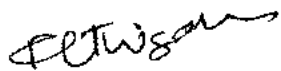

During the academic year 22-23 the IQAC coordinator and Techno-pedagogy Committee decided to use the Novel idea in Tilak College of Education, that idea was related to using integrated approach to teach BED 105 Advanced pedagogy and Application of ICT, at the end of the academic year First Year B.Ed. student-teacher submitted their contribution in the form of review papers, published Journal and E-content product.

The steps of the execution of Novel idea is shown in the flow-chart

In this way the College invented Novel idea, executed it in a systematic way and due to the response of student-teachers and collective efforts the college succeed to publish the review paper written by the students in the Journal: a special issue on "Advanced pedagogy and Application of ICT" Volume 2

The CDC committee, Principal inspired to undertake this project and all the staff members supported this Novel idea.

AFTER THE COMPLETION OF PROJECT STUDENTS WILL BE ABLE TO UNDERSTAND THE CONCEPT OF WATER POLLUTION AND WORK.

OBJECTIVES	SPECIFICATIONS
KNOWLEDGE	STUDENT TELLS WHAT IS WATER POLLUTION AND SOURCES OF WATER POLLUTION
COMPREHENSION	STUDENT IS ABLE TO TELL THE NEED OF STUDY CAUSES EFFECTS AND CONTROL OF WATER POLLUTION
SKILL	STUDENT IS ABLE TO SUGGEST SOLUTIONS TO CONTROL WATER POLLUTION

Curriculum-Framing Questions

Essential Question

- WHY SHOULD WE STUDY WATER POLLUTION?

Unit Questions

- WHAT IS WATER POLLUTION?
- WHAT ARE EFFECTS OF WATER POLLUTION?
- HOW WE CAN CONTROL THE WATER POLLUTION?

Content Questions

- WHAT ARE THE TYPES OF WATER POLLUTION?
- WHAT IS SURFACE WATER POLLUTION?
- HOW DOES WATER POLLUTION EFFECTS TO HEALTH?
- HOW OIL SPILLAGE EFFECTS THE LIFE OF MARINE ANIMALS?
- HOW WE CAN CONTROL THE WATER POLLUTION?

Report of Computer Skill Enhancement Program 2022-23

During the academic year 2022-23 IQAC has taken an initiative regarding Computer Skill Enhancement Program, especially for the use of internet effectively and cyber security, The faculties also tried to give inputs regarding AI and Machine Learning which is the hot topic in the teacher education field, for the same IQAC created Google Classroom on 10th December 2022, there are 67 participants joined this activity. The faculties shared learning material for the student-teachers. This has helped the student-teachers to get an insight regarding AI and Machine Learning.

Report on E-Content Development 2022-23

During the academic year 2022-23, the faculty decided to assign E-Content Development Project to the First-Year B. Ed. Student-teachers. This project was specifically assigned to the compulsory course BED 105 Advanced Pedagogy and Application of ICT. All the student-teachers participated in this project, the faculty organized two day workshop for the E-Content Development and at the end of the year student-teacher uploaded their content on the Google Classroom, later on the links of learning material were shared to the student-teachers for the study purpose. That was published on the blogs simultaneously; the learning material was translated into both the languages such as English and Marathi. The college decided to publish the same in E-form and to make it available on college website.

Report on Google Classroom 2023

Hello friends,

During the academic year 2022-23 IQAC has taken initiative to provide extra inputs to our student-teachers through online learning platform such as Google classroom, under that we started following extra fields/ areas other than our regular subjects such as Innovative Teaching Methods, TAIT, SET, NET coaching, Computer Skill Enhancement, Language Skill Enhancement, Introduction to Special Lessons, TCE Research Forum, – which we could not able to teach in our regular subjects due to lack of time. The following table is containing Number of Google classrooms, their names, their links and number of beneficiaries.

Sr. No.	Name of the Classroom	Link	Number of beneficiaries
1	Innovative Teaching Methods	https://classroom.google.com/c/NTc40TUyMTA4OTky?cjc=zfbw64y	74
2	TAIT	https://classroom.google.com/c/NTQwNDk1OTg4MTUx?cjc=5qmz4mz	91
3	SET, NET coaching	https://classroom.google.com/c/NTc3NjQ5MzcwNDY3?cjc=s6u2xm2	108
4	Computer Skill Enhancement	https://classroom.google.com/c/NTA4NTIwNDExMzc1?cjc=5gpkpu7	62
5	Language Skill Enhancement	https://classroom.google.com/c/NTc4MjUwMzU1NTcw?cjc=opc4bgs	67
6	Introduction to Special Lessons	https://classroom.google.com/c/NTA5MTk3MDMwNDgy?cjc=zm dyx2t	61

Report on Online Social Media Training 2022-23

During the academic year 22-23, the IQAC, Social Media Department and Techno-pedagogy Committee of a college taken an initiative regarding use of social media for the learning and provided online training to the student-teachers regarding the use of Anchor podcaster and spotify. The IQAC, Social Media Department and Techno-pedagogy Committee motivate the student-teachers to use podcasting app, or YouTube for learning purpose.

Lesson No. 1

How to use Anchor podcaster or Spotify ?

1. As I have shared with you both the links either you click on any one link.
2. This link will take you to that app. Google playstore
3. Open that and install the app.
4. That will ask you to login
5. Either by mobile number or Google account or Facebook and send the verification code or OTP.
6. Verify the same and you will get the access to the app.
7. If you have any doubt or query you can WhatsApp me on my personal WhatsApp 8788117832

Good luck.

Report on Online Training of LMS 2022-23

During the academic year 22-23, the IQAC, Social Media Department and Techno-pedagogy Committee of a college took an initiative regarding the development and use of our College app for learning and provided online training to the student-teachers regarding its installation and its effective use. The IQAC, Social Media Department, and Techno-pedagogy Committee motivate the student-teachers to use LMS of our College, podcasting app, or YouTube for learning purpose. (For the faculty members)

Lesson No. 3

How to use our app?

1. Open our app.
2. You can see Dashboard (image 1)
3. Click on home
4. After clicking on the home you can see attend product training (image 2)
5. Click on the arrow on attend product training
6. After clicking on the options of languages open.
7. Choose the language of training and submit.
8. After that you can see an extension to the YouTube channel of Classplus.
9. There are many videos related to the Classplus app.
10. Watch one by one and complete your training.
11. For any queries repeat the process.
12. If you have any questions you can WhatsApp me on my personal WhatsApp 8788117832

ICT Skill Development Program

Theme – Augmented Reality App in Education

Date -24.02.2023 **Timing** – 12:00 to 12:40 **Venue**- Room No. 12

Participants – F.Y.B.Ed. Students

Resource Person – Dr. Suresh G. Isave

Learning Outcomes –

- Student-teacher describes the concept of Augmented Reality.
- Student-teacher skillfully uses the features of different mobile app.
- Student-teacher explains the educational uses of AR Apps.

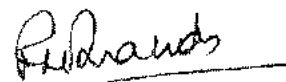

Activity –

The resource person first discusses the concept of augmented reality with examples. Then he demonstrated the use of two AR apps i.e. *ARloopa* and *Safari Central*. Students downloaded the apps and got hands on experience. They made a fun and enjoy the photos with AR features like selfy with different animals, superheroes, live volcano, blood circulation system, solar system etc. The discussion was followed after the skillful use of the apps regarding how AR can be useful in Education. 68 students were present for the session.

Previous Knowledge of Class Students know about luminous & non-luminous

Aim of the lesson To learn about transparent, Translucent & Opaque material

Apparatus & Teaching Aids Plastic glass, water, torch, cloth piece, butter paper.

Objectives	Specifications
<u>Knowledge</u>	<u>Student defines Transparent, Translucent and Opaque materials</u>
<u>Understanding</u>	<u>Student defines/enlists examples of the materials.</u>
<u>Application</u>	<u>Student solves match the following.</u>
<u>Core-Elements & Values</u>	<u>Scientific Temper.</u>
<u>Life Skills</u>	<u>Critical Thinking.</u>

Matter	Method
<u>Introduction -</u>	
<u>luminous object - are the objects that emit light of their own.</u>	<u>[T.E. asks about objects.]</u>
<u>Non-luminous object - are the objects that do not have light of their own.</u>	<u>1. What do you mean by Luminous objects and Non-luminous ?</u>
<u>* Statement of Aim - So, Today we are going to learn about types of materials.</u>	

Matter	Method
Types of Materials on which light falls -	[Te. demonstrates an activity.]
Activity 1: Take Observation - light passes through the glass and water. It is clearly visible.	[Te. takes an activity with glass filled with water.] What do you observe?
Transparent Material: - Material that allow most of the light to pass through them are called transparent materials.	[Te explains more about Transparent material.]
Eg. Glass, Air, Water, lens etc.	[Te. gives example of transparent objects. [Te. shows pictures to the students.]

Light Energy

- Light energy uses waves to travel through space. Sources of light can be a light bulb, a fire, the sun, a candle, or a flashlight.

Transparent Objects

MPS

Matter	Method
Observation - Only a part of light i.e. partial light passes through the material.	[Te. demonstrates an activity.]

Translucent Materials - materials that allow only a part of the light to pass through them are translucent.

[Te. explains about Translucent material.]
[Te. shows pictures of the objects under translucent material.]

Billed

Observation - No light passes through the material at all.

[Te. demonstrates one more activity.]

Opaque Materials - materials that do not allow the light to pass through them, the light is almost absorbed or reflected are called as Opaque materials.

[Te. explains about opaque materials and give some examples.]

Example :- Book, clothes.

Matter

Method

Recapitulation -

- ① What are the three types of materials?
- ② What is transparent & translucent material?
- ③ What are opaque materials?

Application -

- 1) Transparent -
- 2) Translucent -
- 3) Opaque -

Give examples of transparent, translucent and opaque materials.

Assignment -

Find out the examples in your surrounding for these materials.

TRANSPARENT

TRANSLUCENT

OPAQUE

Use of educ

, Images etc.

Date: 07/09/23

Remarks

Explanation was appropriate.
proper teaching aids was used.
excellent lesson.

Reflection

After the first period in the class VI the bonding between me and the students was good. We have formed a good rapport among us. To demonstrate different types of materials to them was fun and we have enjoyed it a lot.

Activity 1 : Block Teaching : Evaluation Scheme

Rating Scale
पढनिश्चयन क्षेत्री

1	2	3	4	5
Unsatisfactory असमाधानकारक	Average दरा	Satisfactory समाधानकारक	Good चांगला	Excellent उत्कृष्ट

1) Lesson Note- पाठटापण	1) Neat, correct & complete नीटनेटके, अचूक आणि परिपूर्ण			
2) Introduction प्रस्तावना	2) Relevant and Stimulating सुसंगत व प्रेरणादायी			
	3) Revival of previous knowledge and linking with the topic पूर्वज्ञान जागृती व पाठ्यांशाशी योग्य सांगड			
3) Presentation विषय विवेचन	4) Statement of Aim and Title writing हेतुकथन आणि शीर्षक लेखन			
	5) Clarify and Fluency in Explanation/Narration स्पष्टीकरण/कथनातील स्पष्टता व ओघ			
	6) Questions - Clear, concise and grammatically correct interrogative tone. प्रश्न - प्रश्नार्थक उच्चारारासह सुस्पष्ट, संक्षिप्त आणि व्याकरणदृष्ट्या अचूक			
	7) Logical and thought provoking questions - तर्कशुद्ध आणि विचार प्रवर्तक प्रश्न			
	8) Distribution of questions and Reinforcement प्रश्नांचे वितरण आणि प्रबलन			
	9) Black Board Work फलक कार्य			
	10) Clarity in Reading/Demonstration वाचनातील स्पष्टता/दिग्दर्शन कौशल्यातील सहजता			
	11) Explanation : Use of Examples स्पष्टीकरण - उदाहरणांचा वापर			
	12) Mastery over the content आशयावरील प्रभुत्व			
	13) Use of Teaching Aids/Use of ICT component शैक्षणिक साधनांचा वापर/माहिती संप्रेषण घटकांचा वापर			
4) Recapitulation संकलन	14) Student Participation विद्यार्थी सहभाग			
	15) Teacher's Preparedness शिक्षकांची तत्परता			
5) Application उपयोजन	16) Classroom management and Time Management वर्ग व्यवस्थापन आणि वेळ व्यवस्थापन			
6) Home Work गृहपाठ	17) Recapitulation as per objectives उद्दिष्टानुसार संकलन			
	18) Application - Use of evaluation Tools : MCQ, Matching item, GD, Project, Quiz, Puzzle etc. मूल्यमापन तंत्राचे उपयोग, बहुपर्यायी प्रश्न, जोड्या लावा, गट चर्चा, प्रकल्प, कोडी इ.			
	19) Homework - Appropriate / Activity based योग्य व कृतियुक्त गृहपाठ			
	20) Educational implications & Overall Impression (Effectiveness of Teaching) शैक्षणिक उपयुक्तता व एकंदरीत प्रभाव (अध्यापनाची परिणामकारकता)			
Total Marks out of 100/ एकूण गुण १०० पैकी			99

Practical Work : Paper

Section

 Yoga is a practice that connects the body, breath & mind.

It uses physical postures
Breathing Exercises
Meditation

To improve overall health.

Yoga was developed as a spiritual practice thousands of years ago.

Today, most Westerners who do yoga do it for exercise or to reduce stress.

Regular yoga practice may reduce levels of stress and body-wide inflammation, contributing to healthier hearts.

INTRODUCTION AND

© BRITAINERS

Psychologically

- Elevate Mood
- Improve concentration, attention & memory
- Lower Stress
- Decrease Depression & anxiety
- Improve self-acceptance

PHYSICALLY

- Lower Blood Pressure
- Improve cardiovascular & respiratory efficiency
- Normalizes gastro-functions
- Enhance Flexibility
- Improve posture & Balance
- Increase Energy

Biochemically

- Decreases glucose & Sodium
- Lowers LDL, VLDL, cholesterol levels
- Improve thyroxin levels
- Raise lymphocyte & hemoglobin

Practical Work : Paper

Section

MIND BODY YOGA

- Better Sleep
- Improves outlook on life
- Stress Relief
- Improves focus & Alertness
- Increases happiness
- Enhance & Relationship
- Helps to focus on Present

1

Improves Children's Quality of Sleep

A good night's sleep allows the body to be healthy and energetic for the next day. Children can therefore focus better in class as well as play more actively.

2

Boosts SELF-ESTEEM & RESILIENCE

With Yoga, children learn to adapt their emotions & behaviour in response to internal cues as well as the external environment.

ICT Skill Workshop - Augmented Reality App

Date : 24.05.2022 Time – 12.00-1:00

Venue – Classroom no 12.

Resource Person: Dr. Suresh G. Isave

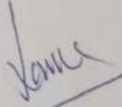

Learning Outcomes:

- Student teachers will be able to
- Explain the concept of ICT Skill
- Apply the ICT Skills in Education
- Explain the concept of Augmented Reality App
- Use the AR Apps in Education

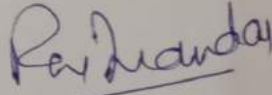

Activity:

The resource person introduced the concept and application of ICT Skills. Then he described the concept of Augmented Reality. The demonstration of AR App - Alroopa was given to the participants. Later participants downloaded the app and experienced the Augmented reality in the classroom. The participants enjoyed the fun and excitement. They are encouraged to search other AR apps and the use of AR technology was discussed. About 30 students participated in the workshop.
