Encouragement to novel idea

Institution has a democratic environment for all stakeholders to suggest and set up an innovative idea or practice. Everybody has freedom to take initiative for the same.

In the staff meeting prof .Dr. Dipak Chavan put an idea infront of all faculty to begin the lecture series of named J.P. Naik and research forum on 5th and 20th of every month as those dates are the foundation days of our mother institute, S.P. Mandali and our college respectively.

The tentative nature, draft and guidelines were decided by the all the faculty members. Then it was forwarded to IQAC for final draft and permission. In the presence of principal, IQAC finalized the aim and objectives, nature of the lecture series and recommended to college development committee for financial support and sanctioning.

In the CDC, in presence of CDC chairman, the innovative idea was appreciated and permitted with financial provision for the honorarium of the expert or the resource person.In this way the innovative idea or innovative practice was came into existence. The college has its mechanism to accelerate the new idea.

From last two years, on every 5th and 20th day of each month, we organized a lecture on education and research all the stakeholders get benefitted with novel idea. They get updated in the knowledge of research and education too.

Objectives of the activities:

1. To provide **informative and engaging series** of lectures for students, teachers and teacher educators.
2. To **promote the study of** current themes, New trends in Education and contribution of Educationist and policies on Education.
3. To highlight the **Tilak College of Education** as centre of outstanding learning in Teacher Education.
4. To provide **public speaking** for students, teachers and researchers who lead the lectures.

Report on Review paper 2022 - 23

During the academic year 2022-23, under the course BED 105 Advanced Pedagogy and Application of ICT faculty decided to give extra inputs to the First Year B. Ed. students regarding review paper writing, this project is optional for the student-teachers, the faculty appealed to them that, if they wanted to learn Advanced Pedagogy and the Application of ICT, then why learn it in the traditional manner? Why not in the advanced way? in an integrated way? The faculty organized two day workshop. Everyone agreed and then the faculty allotted them the topics and asked them to do internet-based research, find out the literature and research papers on the assigned topics analyze the documents, and write down their views in the review paper format, the students were unaware of the same so they got stuck at some level. The faculty organized a two-day workshop on how to find quality research papers from the research database.

How to use Boolean logic? How to find out the keywords, and key phrases of their topics?

What are the research database sites? How to use the Reference Managers? Especially Mendeley, How do download research articles in Mendeley? How to use Annotations with NoteOne EverNote or Notion, How to write the title of a review paper? How to write the abstracts? How to write the body of the review paper? How to write the references in APA style using MS Word or Mendeley? How to do in-text citations? How to use various plagiarism check software,

TILAK COLLEGE OF EDUCATION ID No. PU/PN/Edn/009 1941 PUNE-30

Grammarly app software? How to use Speak to Text software? And so on. The student-teachers used web-based learning which is in their syllabus, they used cooperative learning, collaborative learning, flipped classroom, and blended mode of learning, they had discussions among themselves which is part of peer learning, and brain- storming sessions in the workshop. They collaborate with one another for technical help or for pedagogical help. There is E- content development in their syllabus so finally they created this e-book as a product. Most of the students did this task sincerely, they learned to paraphrase the content or rephrase the content with software, some of them have used ChatGPT for writing the review paper and you will find them easily, if you have come across to ChatGPT then, at last student-teachers typed their articles and uploaded PDF on Google Classroom, anyways this project has excelled their learning definitely, at least they came to know about the review paper. As an editor of this book, I compiled it into book form, I definitely say that this is just the beginning, but at least we have started, I believe that this is an innovative way of teaching BED 105, this is our second year of writing a paper and now this will be our best practice in future. Thank you so much

I express my deep gratitude towards our Principal Dr. Radhika Inamdar, (Chief Editor of this book) for her inspiration and support in undertaking such Herculean tasks, I also thank all our faculty members for their wishes and support, and last but not least our student- teachers without their participation this would have not been possible.

Report on Novel Idea 2022-23

During the academic year 22-23 the IQAC coordinator and Techno-pedagogy Committee decided to use the Novel idea in Tilak College of Education, that idea was related to using integrated approach to teach BED 105 Advanced pedagogy and Application of ICT, at the end of the academic year First Year B.Ed. student-teacher submitted their contribution in the form of review papers, published Journal and E-content product.

The steps of the execution of Novel idea is shown in the flow-chart

Introductory Lecture

⇩

Lecture on Self-Learning

⇩

Creating Google Classroom

⇩

Distributing Topics to Students

⇩

Providing them time for Library work

⇩

Organizing three Day workshop on review paper writing

⇩

Providing them time for writing the review paper

⇩

Students submitted their work on Google Classroom

⇩

Faculty compiled review papers and College published the Journal

In this way the College invented Novel idea, executed it in a systematic way and due to the response of student-teachers and collective efforts the college succeed to publish the review paper written by the students in the Journal: a special issue on "Advanced pedagogy and Application of ICT" Volume 2

The CDC committee, Principal inspired to undertake this project and all the staff members supported this Novel idea.

J.P. Naik Lecture Series

आधुनिक भारताची शिक्षण विचार गाथा: राधाकृष्णन ते कस्तुरीरंगन

Date 21st July 2022

Tilak College of Education organized the J.P. Naik lecture series for student, teachers and teacher educators. Under this series, on 21st July 2022, the lecture was conducted by guest speaker Dr. Dattatrey Tapkeer. The topic for this lecture was 'आधुनिक भारताची शिक्षण विचार गाथा : राधाकृष्णन ते कस्तुरीरंगन'.

The guest speaker was introduced with his contribution towards teacher education by session coordinator Prof. Vijay Dhamane. The session was began with the introductory speech of Principal, Dr. Radhika Inamdar madam.

The guest speaker Dr Dattatrey Tapkeer sir reviewed Dr. Radhakrishnan Commission; i.e. University Commission because it was the first Commission after independence which is also called modern India. He focused on the main recommendations of Radhakrishnan Commission and continued with Kothari Commission. National Education Policy 1968 towards the New Education Policy 1986. Sir focused the different aspects of Dr J. P. Naik's views in these policies. He also correlated the JP Naik's thought with these policies and commissions. The teacher education is the core part of all this policies for the quality education. He also focused the National Education Policy 2020, the changes incorporated in this policy. The reflections of JP Naik's thoughts in National Education Policy 2020 were explained through appropriate examples. He took review of various commissions, policies and committees after independence. Various features of the Policies, the recommendations of the Commisions and the role of teacher as well as teacher educators towards the same were explained very cleanly and clearly with examples. More than 50 student teachers teacher educators were benefited by this wonderful lecture. Principal Dr. Radhika Inamdar madam, Coordinator of this lecture series Prof. Dipak Chavan Sir and all faculty members attended this session. The session was concluded with vote of thanks.

Report of J.P. Naik Lecture Series

Speaker Vice Chancellor – Prof. Sanjeev Sonawane

Introduction:

The Session under J.P. Naik lecture series it was conducted by Honourable Vice Chancellor, Professor Sanjeev Sonawane vice Chancellor, Yashwantrao Maharashtra Open University, Nashik, Maharashtra on *'challenges and issues for teacher education in the context of national education policy 2020'* on Date 20th July 2023, 12pm to 1.30 pm in W.N. Dandekar classroom. 103 participants were registered for the lecture including students, educators, researcher and principals.

The Vice Chancellor delivered an insightful lecture on the topic of "Challenges and Issues for Teacher Education in the Context of National Education Policy 2020." The lecture aimed to shed light on the implications of the National Education Policy 2020 for teacher education and to discuss the challenges that need to be addressed in this transformative educational landscape.

Lecture Content:

The Vice Chancellor began by providing an overview of the key features of the National Education Policy 2020 and its focus on holistic and multidisciplinary education. The lecture delved into the policy's emphasis on quality teacher education as a cornerstone for achieving its goals.

The concepts were effectively elucidated using a blackboard, which aided in visualizing the key points. The Vice Chancellor drew diagrams and charts to illustrate the interconnectedness of various aspects of teacher education within the framework of the new policy.

Highlighted Points:

Multidisciplinary Approach: The Vice Chancellor emphasized the shift from a siloed approach to a multidisciplinary one in teacher education. This approach requires educators to be well-versed in a range of subjects, enabling them to impart a more comprehensive and interconnected education to students.

Integrated Pedagogical Training: The lecture discussed the need to integrate pedagogical training with subject-specific knowledge. This integration ensures that teachers not only have mastery over their subjects but also possess effective teaching methodologies.

Continuous Professional Development: The Vice Chancellor highlighted the policy's focus on continuous professional development for teachers. The lecture explored the challenges in implementing this, such as providing relevant and timely training to a diverse teaching workforce.

Technology Integration: The transformative role of technology in education was discussed, along with the challenges of upskilling teachers to effectively integrate technology into their teaching methods.

Assessment Reforms: The lecture touched upon changes in assessment methods, moving away from rote memorization to holistic evaluation that encourages critical thinking and practical application of knowledge.

Interaction with Participants:

The Vice Chancellor encouraged active participation from the audience, fostering an engaging and dynamic discussion. Participants had the opportunity to ask questions and share their insights on the challenges they perceived in aligning their current teacher education practices with the National Education Policy 2020.

The introduction of Hon. VC was done by Dr. Suresh G. Isave. Principal Dr. Radhika Inamdar gave insight of NEP and Teacher Education in introductory speech. Hon. Keshav Vaze, President of College Development Committee and the chairperson for the program guided students to be a teacher with best competencies to face the challenges.

Conclusion:

In conclusion, the Vice Chancellor's lecture provided a comprehensive understanding of the challenges and issues that lie ahead in the realm of teacher education under the National Education Policy 2020. The use of visual aids and interactive discussions enhanced the learning experience, leaving the participants better equipped to navigate the evolving landscape of education.

The lecture underscored the imperative for educators to adapt their approaches, embrace innovative teaching methods, and continuously upskill themselves to ensure the successful implementation of the policy's vision for transforming education in the country.

Report on Material and Facilities Provided to Students

Tilak College of Education, Pune, is committed to providing comprehensive facilities for M.Ed. students to successfully complete their research studies. The M.Ed. course at the college is structured to guide students through the research process across four semesters.

Following Facilities are Provided For M. Ed. Students to complete their research study:

Learning Resources from Library:

The college's well-equipped library offers an extensive collection of books, journals, and research materials that are essential for M.Ed. students undertaking research studies. These resources cover various academic disciplines, allowing students to access a wide range of information to support their research endeavours.

Previous Research Reports for Review of Related Literature:

Tilak College of Education maintains a repository of previous M.Ed., M. Phil. And Ph. D. research reports. This valuable resource aids students in conducting a comprehensive review of related literature, ensuring they are well-informed about existing research in their field of study.

Supplies for Poster Presentation:

The college provides essential materials such as card sheets, sketch pens, and other stationery items required for poster presentations. This ensures that students can effectively communicate their research findings in a visually appealing and informative manner.

Practical Pages:

Practical pages are made available to M.Ed. students, facilitating the organization and documentation of research data. These pages are crucial for recording observations, conducting experiments, and maintaining a systematic record of the research process.

Beneficiaries:

Each year, students admitted to Tilak College of Education benefit from these facilities. These resources play a pivotal role in guiding students through the research process, enabling them to meet the milestones outlined in the M.Ed. course curriculum.

Research Milestones:

First Semester:

Completion of Research Proposal

Reviews of Related Literature

Third Semester:

Completion of Data Collection Tool Presentation

Data Analysis

Fourth Semester:

Submission of Research Report (Dissertation)

Facing Viva Exam

External Examiners:

Tilak College of Education, Pune, ensures the appointment of external examiners for crucial stages of the research process. Proposal presentations and Data Collection Tool presentations are evaluated by appointed external examiners. Furthermore, for the final research viva, Savitribai Phule Pune University, Pune, takes charge of appointing external examiners.

Tilak College of Education, Pune, stands committed to providing a conducive environment for M.Ed. students to excel in their research studies. The array of facilities offered, coupled with the structured research milestones, ensures that students are well-prepared to navigate through the rigors of the M.Ed. course and produce high-quality research output.
